Cookie Policy

Cookies

Andor Technology use cookies or similar technologies.

What are Cookies?

Cookies are small pieces of text which our Software stores on your device.

Information about how we use cookies…

Analytical Cookie

If you consent, we will place a unique identifier (known as "UsageID") on your device and track and collect data on how you use the Software. We call this data "**Usage Data**".

We do this to help us improve future versions of this Software. For example, we will collect information on how you use the Software, which may include information on version numbers, the length of time spent in a specific editor/view or perspective and actions and commands that you invoked.

When you install another Imaris software from us and agree to the collection of Usage Data within that other software, we will use the unique identifier to link the data collected on the other software.

We *do not* place any technology on your device that could connect the Usage Data with any information collected from an Oxford Instruments website or any other website.

We *do not* provide any Usage Data to any third parties.

We *do not* place any third-party cookies on your device.

Cookie Preferences

At any time, you may view the Usage Data that is being collected. To view your current Usage Data, go to "Preferences" "Data Collection" and click "Show report to be sent to us".

You may disable this cookie at any time by changing your preferences under the "Data Collection" tab within the Software.

If you wish to delete previously collected Usage Data go to "Preferences" "Data Collection" and press "Delete Usage Data and Generate new random usage ID".

If you do not modify your preference this cookie will remain on your device until you remove your consent for such cookie or when you delete the Software from your device.

Legal Notice

We reserve the right to make any changes and corrections to this policy. Please refer to this page from time to time to review these and view new additional information.
